**Slope Angle:** 23°  
**Wind Loading:** yes

**Stability:** Fair      **HS:** 55      **Layer Notes:**  
**Air Temperature:** 20°F  
**Sky Cover:** FEW  
**Precipitation:** NO  
**Wind:** W Strong

**Layer Notes:**

**Notes:** Pit location just below Arrowhead Bowl, brutal, strong winds deterred us from going higher. Rain on snow event seemed to have solidified the bottom 20cm of snow. Strong westerly winds were blowing down all east facing basins. Noticed recent avalanche debris in October Bowl to the south. Snowpack is still thin in places it has not been wind drifted, variable conditions.
