

Swamp Angel
 San Juan Range
 CO
Elevation: 11000 ft
Aspect:
Specifics:

Brooke Warren
 03/12/2022 - 1:00pm
Co-ord:
Slope Angle: 0°
Wind Loading:

Stability:
Air Temperature:
Sky Cover: CLR
Precipitation: NO
Wind:

HS: 155
PF: 15
Layer Notes:
 100-96cm: Dust layer
 96-0cm: May be some melt forms 0-96
 96-0cm: Problematic layer

Notes: Pit dug in flat area near road and the Swamp Angel weather station. It was an open meadow that receives a lot of sun. Did not do any snowpack tests, only identified layers.
