Mushroom Field (L)
Park Range
CO
Elevation: 9600 ft
Aspect: NE

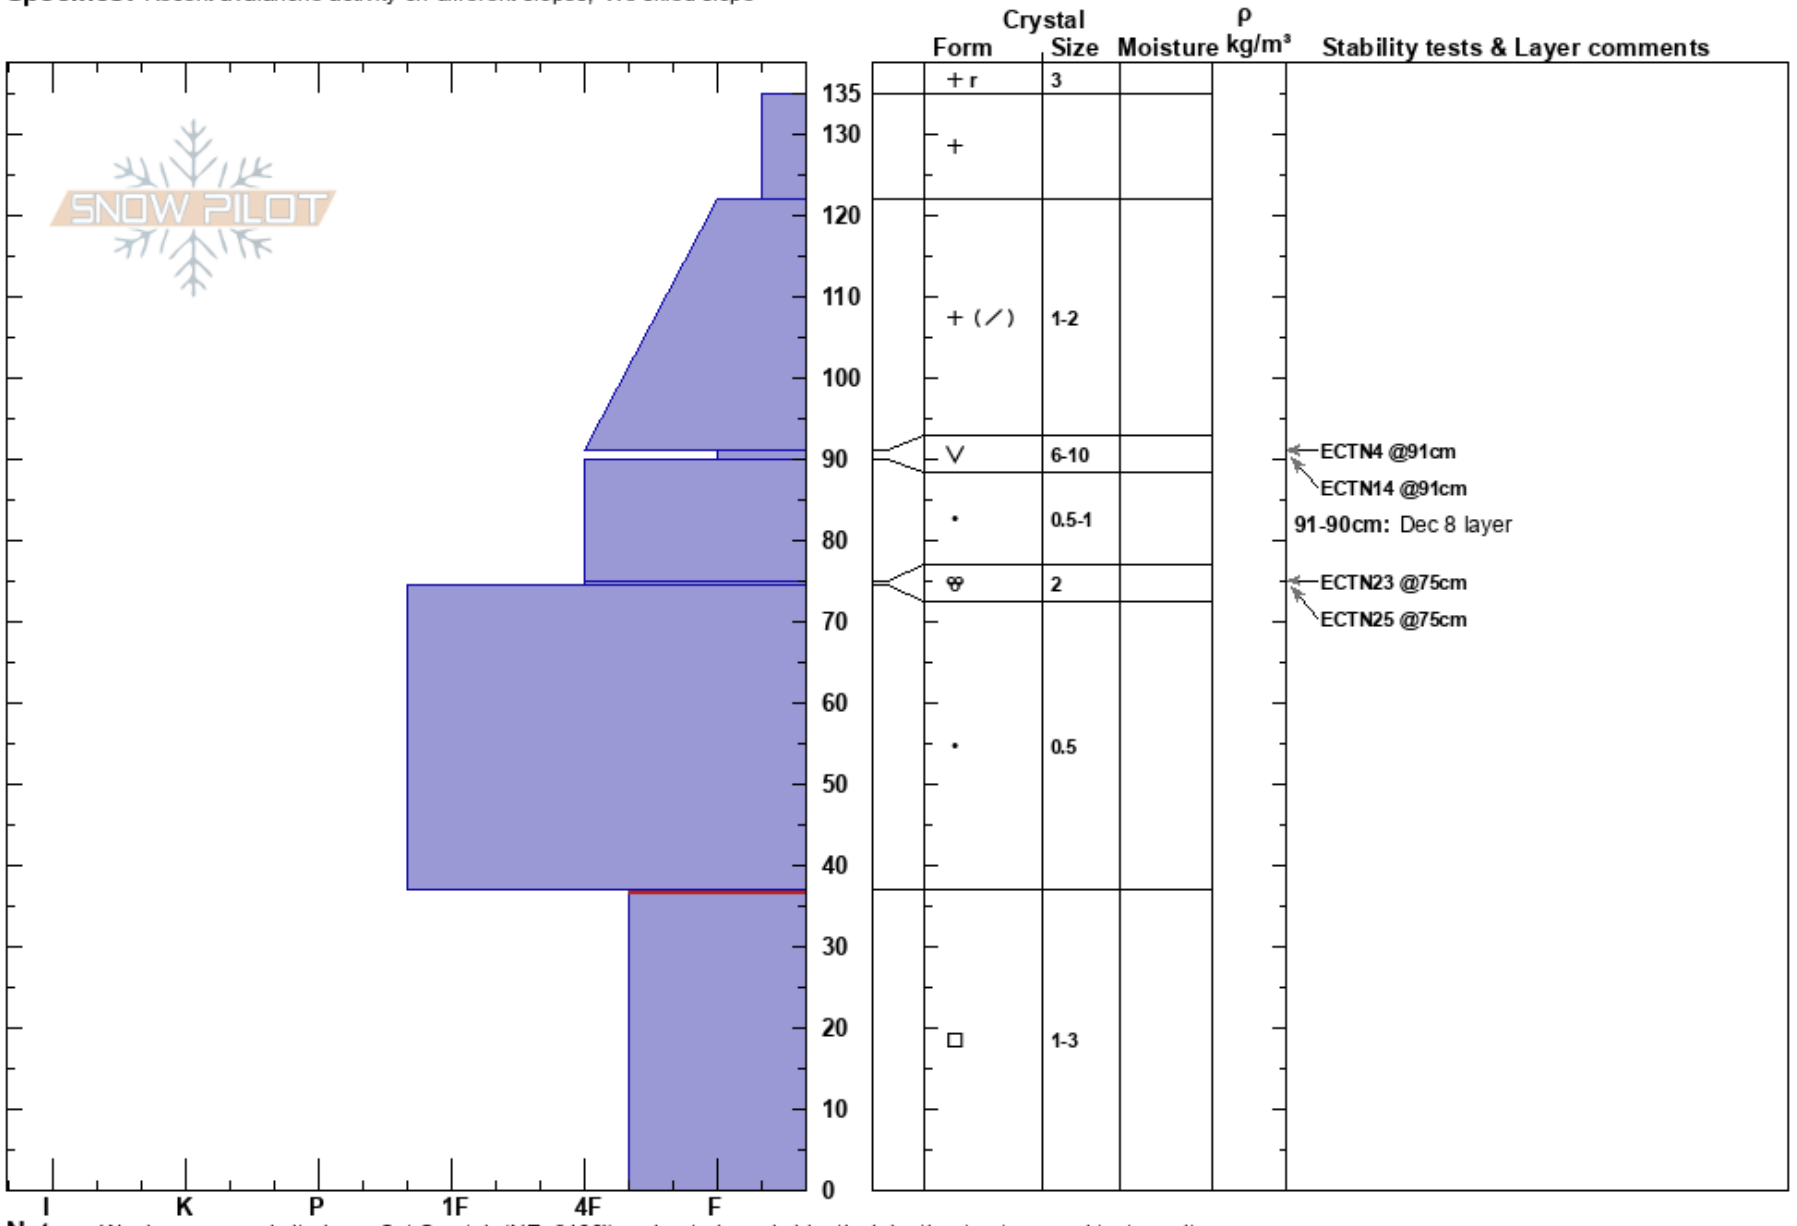
Brian Gardel
12/10/2023 - 10:30am
Co-ord:
Slope Angle: 23°
Wind Loading: no

Stability: Fair
Air Temperature: -8°C
Sky Cover: OVC
Precipitation: S-1
Wind: Calm

HS: 135
PF: 60
PS: 35

Layer Notes:
91-90cm: Dec 8 layer
37-0cm: Problematic layer

Specifics: Recent avalanche activity on different slopes; We skied slope



Notes: We dug a second pit above Cat Scratch (NE, 9400') and noted nearly identical depth, structure, and test results.
